Latin@ Scholarship
This scholarship to the annual Conference on Poetry is designed to encourage the Latin@ voice in poetry and the literary arts, both at The Frost Place and in the broader literary community.

The Latin@ Scholarship will be selected by a small panel of readers who are committed to furthering the Latin@ voice in poetry. The winning recipient will be selected solely based on the merit of his/her work, and responses to the application questions. The candidate’s selection will not be determined based on gender, immigration status, or any other biases.

The ideal applicant would self-identify as Latin@, would have a strong commitment to the Latin@ community, and be a minimum of 21 years of age.

Gregory Pardlo Fellowship
African American poets writing in English who have published up to one book of poetry are eligible to apply for this fellowship to the Poetry Seminar.
