**READER:** You know our magazine is doing something different, something you can’t find in commercial publishing. We’re not afraid of literature, hybrid genres, foreign fiction, long poems, novellas. In these pages bold new voices appear alongside established luminaries, and the results are exciting, vibrant, literary. Be brave. Read adventurously. **TLR.**

**TLR** is one of the very best forums of new writing today. It strikes the perfect balance between formal innovation and human engagement…always stimulating, fresh, and smart.

—STEPHEN O’CONNOR, TLR CONTRIBUTOR 2013

**TLR** was/is a great literary journal in which I was thrilled to be published.

—JOYCE CAROL OATES, TLR CONTRIBUTOR 1962
